Dear Mrs. Bagrationi!

On behalf of His Holiness Ilia II, the Catholicos-Patriarch of All Georgia, Archbishop of Mtskheta-Tbilisi and Metropolitan of Bichvinta and Tskhum-Abkhazeti, I would like to express most sincere gratitude for your deeds in organizing the historic concert - "The Crossroad of Cultures", held in New York "Master Theater" on May 8th and dedicated to the unique, 26 century friendship between the Georgian and the Jewish people.

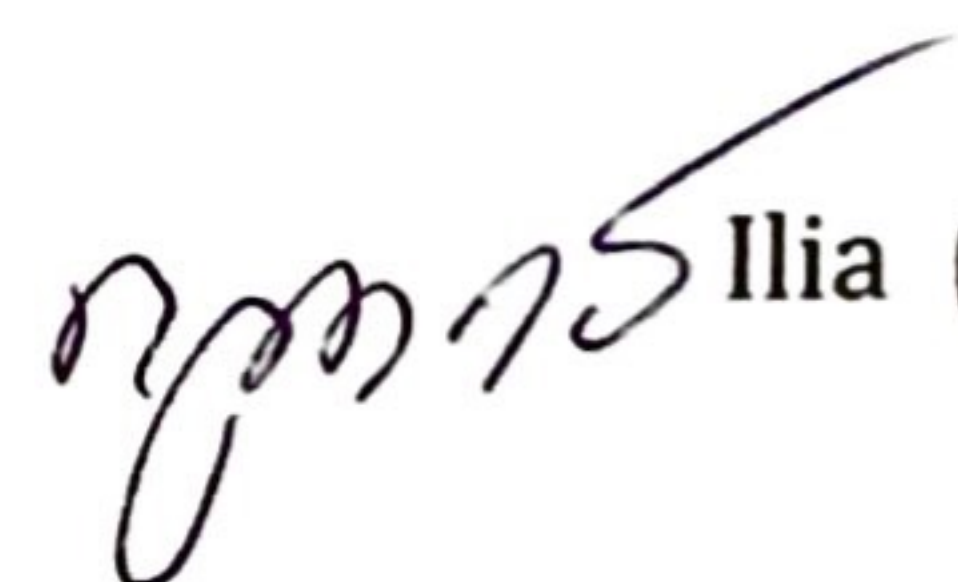

It is no accident that the foundation, known for its commitment to the humanitarian cause, supporting those in need, including those struggling with cancer, has been asked to organize the above-mentioned charity concert. We are delighted that the part of income, gained from the concert will be transferred to cancer treatment centers in three different countries: Georgia, Israel and the US.

Herewith, let me take this opportunity to wish you great success in all your endeavors. I hope with the full consciousness that kindness and benevolence unites the people and defeats the evil, we will have other opportunities to cooperate in the future in order to achieve our common goals.

May the blessing of God be upon you!

With warmest regards,
Deputy Prior of the Monastery
of the St. Trinity Cathedral Church
Archimandrite

 Ilia (Nasidze)
