

New York State Assembly

Oration

Presented to the

DIANA BAGRATIONI FOUNDATION

In recognition of your sponsorship of the Georgian-American Heritage Celebration at Borough Hall, an occasion honoring the many contributions of Georgian-Americans to the cultural, economic and social life of our multicultural city, state and nation. As the Assembly Member representing many people in the Georgian-American community, I commend the good work of the Diana Bagrationi Foundation and the difference you make in the lives of families coping with the challenge of serious illness.
