J.S.C M.IASHVILI CHILDREN'S CENTRAL HOSPITAL

#398/12

24.04.2013

Ms. Diana Bagrationi,

We would like to convey our sincere thanks for continuous support from your foundation to M. Iashvili Children's Central Hospital.

Your contribution, allowed us to set up very important immune phenotyping laboratory, where all childhood leukemia cases admitted to the department of hematology/Oncology are studied and successfully diagnosed.

Your kind wills once more support Oncology/ Hematology department is very important for sustainability of immunophenotyping laboratory.

Your donation 2300.00 USD we will use to support the project funded by Shota Rustaveli National Science Foundation. This is very important project and we hope through this project start very important diagnostic test – Minimal Residual Disease (MRD).

Faithfully yours,

Sh.

Shota Joglidze

General Director
