

**TVISTOMI ASSOCIATION**  
GEORGIAN COMMUNITY ORGANIZATION IN US

Dear Mrs. Diana Bagrationi

“Tvistomi” Association is a not-for-profit community organization of Georgian immigrants, which is based in NY and is established for serving Georgian and other communities in USA. Our organization provides multifunctional support in addressing basic needs of immigrants in social, legal, media and mostly medical fields.

“Tvistomi Association” is also a founder of the charity group “Patara Angelozebi” (Little Angels). This group unites people who are willing to help and support children affected with cerebral palsy in Georgia.

We wanted to express a special gratitude and respect to Diana Bagrationi Foundation for raising \$1,300 for Barbare Kacheishvili, a little girl in Georgia that is diagnosed with leukemia and has a family in a financial hardship unable to treat their baby. We really hope that this sum will be a part of other people’s contributions, which will give Barbares family a hope and will save her life.

“Tvistomi” Association once again is grateful for thoughtfulness and support to Diana Bagrationi Foundation and we are looking forward to further cooperation that will help us to stand together and save more lives.

Very truly yours

Nikoloz Chkheidze  
Tvistomi Association, Chairman
