

THE CITY OF NEW YORK
OFFICE OF THE MAYOR
NEW YORK, N.Y. 10007

March 30, 2013

Dear Friends:

It is a great pleasure to welcome everyone to today's concert, hosted by the Diana Bagrationi Foundation.

New York City is doing everything we can to help more of our residents enjoy the lifelong benefits of good health. Thanks to our innovative public policies and our world-class medical institutions, we have made amazing gains over the past decade, and our residents are living longer than ever before as a result. That is why we are happy to recognize the efforts of the Diana Bagrationi Foundation to help children and seniors suffering from life-threatening illnesses. Today's concert will raise vital funds for the Pediatric Department of Memorial Sloan-Kettering Cancer Center in New York and the Oncology & Hematology Department of M. Iashvili Children's Central Hospital in the Republic of Georgia and enable these organizations to continue their important work. Together with the Foundation and its many supporters, we look forward to building a stronger, healthier future for those here in New York City and beyond.

On behalf of all New Yorkers, please accept my best wishes for an enjoyable event and continued success.

Sincerely,
