Greetings!

I am pleased to honor the Diana Bagrationi Foundation on the occasion of your benefit concert featuring composer and singer Willi Tokarev. The concert at Symphony Space is in remembrance of victims of World War II including Holocaust victims, service members, and children who survived the war and are now living in New York City.

The Diana Bagrationi Foundation is a nonprofit humanitarian charitable organization in New York, which donates funds to children and the elderly with life-threatening conditions who are in need of treatment. Proceeds from this special concert will all go to Memorial Sloan-Kettering Cancer Center and other cancer treatment institutions.

This evening promises to be a wonderful one, filled with stirring music from Mr. Tokarev, himself a survivor of World War II and an immigrant to the United States. Enjoy, and much success to the Foundation's fundraising efforts.

Sincerely,

Joan L. Millman
Member of Assembly
